<h2>About Amul Dairy</h2>
<hr/>
<ul>
<p><li>
Amul Dairy is a cooperative dairy company based in India, known for its
high-quality dairy products including milk, butter, cheese, and ice
cream. Established in 1946, it has become one of the largest dairy
brands in India.

representatives managed the village societies and the district union,
The seeds of this unusual saga were sown in Anand, a small town in the
state of Gujarat in western India. The exploitative trade practices
followed by the local trade cartel triggered off the cooperative
movement. Angered by unfair and manipulative practices followed by the
trade, the farmers of the district approached the great Indian patriot

```

Sardar Vallabhbhai Patel for a solution. He advised them to get rid of middlemen and form their own co-operative, which would have procurement, processing and marketing under their control.

</p>

<p>

In 1946, the farmers of this area went on a milk strike refusing to be cowed down by the cartel. Under the inspiration of Sardar Patel, and the guidance of leaders like Morarji Desai and Tribhuvandas Patel, they formed their own cooperative in 1946.

</p>

<p>

This co-operative, the Kaira District Co-operative Milk Producers Union Ltd. began with just two village dairy co-operative societies and 247 litres of milk and is today better known as Amul Dairy. Amul grew from strength to strength thanks to the inspired leadership of Tribhuvandas Patel, the founder Chairman and the committed professionalism of Dr Verghese Kurien, who was entrusted the task of running the dairy from 1950.

</p>

<p>

The then Prime Minister of India, Lal Bahadur Shastri decided that the same approach should become the basis of a National Dairy Development policy. He understood that the success of Amul could be attributed to four important factors. The farmers owned the dairy, their elected they employed professionals to operate the dairy and manage its business. Most importantly, the co-operatives were sensitive to the needs of farmers and responsive to their demands.

</p>

<p>

At his instance in 1965 the National Dairy Development Board was set up with the basic objective of replicating the Amul model. Dr. Kurien was

	<p>chosen to head the institution as its Chairman and asked to replicate this model throughout the country.</p> <p></p></p> <p><h2>The Amul Model</h2></p> <p><hr/></p> <p><p></p> <p>The Amul Model of dairy development is a three-tiered structure with the dairy cooperative societies at the village level federated under a milk union at the district level and a federation of member unions at the state level.</p> <p></p></p> <p></div></p> <p><div class="right-box"></p> <p><h3>Quick View</h3></p> <p></p> <p>GST Nos</p> <p>AmulFed Dairy-IMS Policy</p> <p>Locate Us</p> <p>Career</p> <p></p> <p></div></p> <p></div></p> <p><div id="footer"></div></p> <p><script></p> <p>fetch("header.html")</p> <p>.then((response) => response.text())</p> <p>.then((data) => {</p>

Bombay: Summer of 1967. A Charni Road flat. Mrs. Sheela Mane, a 28-year-old housewife is out in the balcony drying clothes. From her second floor flat she can see her neighbours on the road. There are other people too. The crowd seems to be growing larger by the minute. Unable to curb her curiosity Sheela Mane hurries down to see what all the commotion is about. She expects the worst but can see no signs of an accident. It is her four-year-old who draws her attention to the hoarding that has come up overnight. "It was the first Amul hoarding that was put up in Mumbai," recalls Sheela Mane. "People loved it. I remember it was our favourite topic of discussion for the next one week! Everywhere we went somehow or the other the campaign always seemed to crop up in our conversation."

</p>

<p>

Call her the Friday to Friday star. Round eyed, chubby cheeked, winking at you, from strategically placed hoardings at many traffic lights. She is the Amul moppet everyone loves to love (including prickly votaries of the Shiv Sena and BJP). How often have we stopped, looked, chuckled at the Amul hoarding that casts her sometime as the coy, shy Madhuri, a bold sensuous Urmila or simply as herself, dressed in her little polka dotted dress and a red and white bow, holding out her favourite packet of butter.

</p>

<p>

For 30 odd years the Utterly Butterly girl has managed to keep her fan following intact. So much so that the ads are now ready to enter the

Guinness Book of World Records for being the longest running campaign ever. The ultimate compliment to the butter came

	<p>when a British company launched a butter and called it Utterly Butterly, last year.</p> <p></p></p> <p><p></p> <p>It all began in 1966 when Sylvester daCunha, then the managing director of the advertising agency, ASP, clinched the account for Amul butter. The butter, which had been launched in 1945, had a staid, boring image, primarily because the earlier advertising agency which was in charge of the account preferred to stick to routine, corporate ads.</p> <p></p></p> <p><p style="text-align: center;"></p> <p><img</p> <p <="" p="" style="display: block; margin-left: auto; margin-right: auto"><p>src="story2.png"</p><p>border="1"</p><p>alt=""</p><p>/>One of the first Amul hoardings</p><p></p></p><p><p></p><p>In India, food was something one couldn't afford to fool around with. It had been taken too seriously, for too long. Sylvester daCunha decided it was time for a change of image.</p><p></p></p><p><p></p><p>The year Sylvester daCunha took over the account, the country saw the birth of a campaign whose charm has endured fickle public opinion, gimmickry and all else.</p><p></p></p><p><p></p><p>The Amul girl who lends herself so completely to Amul butter,</p></p>
--	--

created as a rival to the Polson butter girl. This one was sexy, village belle, clothed in a tantalising choli all but covering her upper regions. "Eustace Fernandez (the art director) and I decided that we needed a girl who would worm her way into a housewife's heart. And who better than a little girl?" says Sylvester daCunha. And so it came about that the famous Amul Moppet was born.

</p>

<p>

That October, lamp kiosks and the bus sites of the city were splashed with the moppet on a horse. The baseline simply said, Thoroughbread, Utterly Butterly Delicious Amul,. It was a matter of just a few hours before the daCunha office was ringing with calls. Not just adults, even children were calling up to say how much they had liked the ads. "The response was phenomenal," recalls Sylvester daCunha. "We knew our campaign was going to be successful."

</p>

<p style="text-align: center">

The Rebecca Mark favourite

</p>

<p>

For the first one year the ads made statements of some kind or the other but they had not yet acquired the topical tone. In 1967, Sylvester decided that giving the ads a solid concept would give them extra mileage, more dum, so to say. It was a

decision that would stand the daCunhas in good stead in the years to come.

</p>

<p>

In 1969, when the city first saw the beginning of the Hare Rama Hare Krishna movement, Sylvester daCunha, Mohammad Khan and Usha Bandarkar, then the creative team working on the Amul account came up with a clincher -- 'Hurry Amul, Hurry Hurry'. Bombay reacted to the ad with a fervour that was almost as devout as the Iskon fever.

</p>

<p>

That was the first of the many topical ads that were in the offing. From then on Amul began playing the role of a social observer. Over the years the campaign acquired that all important Amul touch.

</p>

<p>

India looked forward to Amul's evocative humour. If the Naxalite movement was the happening thing in Calcutta, Amul would be up there on the hoardings saying, "Bread without Amul Butter, cholbe na cholbe na (won't do, won't do). If there was an Indian Airlines strike Amul would be there again saying, Indian Airlines Won't Fly Without Amul.

</p>

<p>

There are stories about the butter that people like to relate over cups of tea. "For over 10 years I have been collecting Amul ads. I especially like the ads on the backs of the butter packets," says Mrs. Sumona Varma. What does she do with these ads? "I have made an album of them to amuse my grandchildren," she laughs. "They are

almost part of our culture, aren't they? My grandchildren are already beginning to realise that these ads are not just a source of amusement. They make them aware of what is happening around them."

</p>

<p>

Despite some of the negative reactions that the ads have got, DaCunhas have made it a policy not to play it safe. There are numerous ads that are risque in tone.

</p>

<p>

"We had the option of being sweet and playing it safe, or making an impact. A fine balance had to be struck. We have a campaign that is strong enough to make a statement. I didn't want the hoardings to be pleasant or tame. They have to say something," says Rahul daCunha.

</p>

<p>

"We ran a couple of ads that created quite a furore," says Sylvester daCunha. "The Indian Airlines one really angered the authorities. They said if they didn't take down the ads they would stop supplying Amul butter on the plane. So ultimately we discontinued the ad," he says laughing. Then there was the time when the Amul girl was shown wearing the Gandhi cap. The high command came down heavy on that one. The Gandhi cap was a symbol of independence, they couldn't have anyone not taking that seriously. So despite their reluctance the hoardings were wiped clean. "Then there was an ad during the Ganpati festival which said, Ganpati Bappa More Ghya (Ganpati Bappa take more). The Shiv Sena people said that if we didn't do something about removing the ad they would come and destroy our office. It is surprising how

vigilant the political forces are in this country. Even when the Enron ads (Enr On Or Off) were running, Rebecca Mark wrote to us saying how much she liked them."

</p>

<p style="text-align: center">

<span class="normal"

>Amul's point of view on the MR coffee controversy</span

>

</p>

<p>

There were other instances too. Heroine Addiction, Amul's little joke on Hussain had the artist ringing the daCunhas up to request them for a blow up of the ad. "He said that he had seen the hoarding while passing through a small district in UP. He said he had asked his assistant to take a photograph of himself with the ad because he had found it so funny," says Rahul daCunha in amused tones. Indians do have a sense of humour, afterall.

</p>

<p>

From the Sixties to the Nineties, the Amul ads have come a long way. While most people agree that the Amul ads were at their peak in the Eighties they still maintain that the Amul ads continue to tease a laughter out of them.

</p>

<p>

Where does Amul's magic actually lie? Many believe that the charm

lies in the catchy lines. That we laugh because the humour is what anybody would enjoy. They don't pander to your nationality or certain sentiments. It is pure and simple, everyday fun.

50 years after it was first launched, Amul's sale figures have jumped from 1000 tonnes a year in 1966 to over 25,000 tonnes a year in 1997. No other brand comes even close to it. All because a thumb-sized girl climbed on to the hoardings and put a spell on the masses.

The screenshot shows the Amul website's homepage with a navigation bar at the top. The main content area is titled "Amul Relief Trust". It includes a text box detailing the 2001 Kutch earthquake and the formation of the Amul Relief Trust (ART) under Dr. V. Kurien. Below this, there are two photographs of modern school buildings. The first photo shows a large, light-colored building with multiple wings and a central entrance. The second photo shows a modern, single-story building with a curved facade and large windows.

**Amul Relief Trust**

A devastating earthquake (Richter scale – 7.9) hit Gujarat on 26th January 2001. The epicenter of the quake was located in Kutch district. It caused death of thousands of people, tens of thousands were injured, hundreds of thousands were rendered homeless and damage of billions of Rupees was done.

GCMMF formed a specific organization named "**Amul Relief Trust**" (ART) under the Chairmanship of Dr. V. Kurien in 2001 with a donation of Rs. 50 Millions for reconstruction of the school buildings damaged in the 2001 earthquake in the Kutch area.

The Trust reconstructed 6 schools damaged by the above earthquake at a cost of Rs. 41.1 millions in Kutch area. Four of these schools started re-functioning from the last two academic sessions and the other two schools from the current session.

The screenshot shows the Amul website's homepage with a navigation bar at the top. The main content area features a large image of an Amul parlour. To the right is a sidebar titled "Quick View" containing links to "About Us", "GST Nos", "AmulFed Dairy-IMS Policy", "Locate Us", and "Career". Below the sidebar, there is a table comparing two franchise formats: Amul Preferred Outlet/Amul Railway Parlour/Amul Kiosk and Amul Ice-Cream Scooping Parlour. The table includes columns for S.N., Type of the format, Prebuilt Shop Reqd. (In sqft), Investment by the franchisee (Rs 2.00 lacs approx.), and Avg. Returns on MRP.

S.N.	Type of the format	Prebuilt Shop Reqd. (In sqft)	Investment by the franchisee (Rs 2.00 lacs approx.)	Avg. Returns on MRP
1	Amul Preferred Outlet/Amul Railway Parlour/Amul Kiosk	100 - 150	Break up = Refundable Brand Security - Rs 25,000 / Renovation - Rs 100,000 (approx.) / Equipments - Rs 70,000 (approx.) plus incidental cost.	Pouch Milk - 2.5%, Milk Products - 10%, Ice Cream - 20%
2	Amul Ice-Cream Scooping Parlour	>300	Break up = Non-Refundable Brand Security - Rs 50,000 Renovation - Rs 4,00,000 (approx.) Equipments - Rs 1,50,000 (approx.) plus incidental cost. All Visicoolers and Deep Freezers should be Amul Branded to avail equipment purchase support amount.	About 50% on recipe based ice cream scoops / sundaes / floats / shakes / baked pizzas / sandwiches / cheese slice burger / garlic bread / hot chocolate drink (Amul Pro). For pre-packed ice creams the margin would be 20% approx. These ice cream parlours will also sell other Amul products where the margins will be to the tune of 10%.

We also provide additional retail margins, exclusive consumer offers, store inauguration supports, equipment purchase supports, free brand signage etc.

**OUTPUT:**

The screenshot shows the Amul website's FAQ page. At the top, there is a navigation bar with links for 'Brands', 'GCMMF', 'Fun @ amul', 'Dairy News', 'Careers', 'Amul for India', 'B2B', and a search bar. Below the navigation bar, there is a large blue header with the Amul logo. The main content area contains three questions:

- Q.1. I've been contacted by an Amul representative. How do I know if the phone call I received is real?**
- Q.2. Does Amul take registration fees for Franchise or Distribution?**
- Q.3. What do I need to have to create an Amul parlour?**

The first question is currently collapsed, while the others are visible. The collapsed section has a blue background and white text.

This screenshot shows the same FAQ page as above, but the first question ('Q.1') is now expanded, revealing its content. The other two questions remain collapsed.

**Q.1. I've been contacted by an Amul representative. How do I know if the phone call I received is real?**

Ask the Amul representative to send you an email. You can then confirm if the representative is from Amul by checking their email address, the email address will have the following format:

- ◆ < Email ID > @amul.coop
- ◆ Example: XYZ@amul.coop

Please register your enquiry on our official channel care number: (022) 68526666.

**Q.2. Does Amul take registration fees for Franchise or Distribution?**

**Q.3. What do I need to have to create an Amul parlour?**

**Conclusion :** Your [FAQ.html](#) provides an interactive FAQ page with collapsible questions and answers, error-free navigation, and a clean, user-friendly layout. JavaScript enables collapsible sections, and the design uses gradients, shared header/footer, and modern CSS for clarity.
